HOPE ROCKS

Imagine Change...

The Possibilities Project fosters authentic leadership, social responsibility and activism, empowering youth to become advocates for powerful, purposeful change - within their school, their community and within their world - one small step at a time.

This action filled event, begins by inviting youth to examine the environment in which they live, learn and play. Is it conducive to

fostering the courage it takes to live a BIG life, or does it need to change? Is it 'safe' enough to be different? Are we able to look beyond labels and cliques to see each others' humanity?

Establishing a common ground and shared vision, youth are empowered to harness their capacity to care to make a difference in the world, creating a roadmap for a life inspired.
